8	Sun Shield Silky Cream SPF 30	50 ml	1 ml	50	
				TOTAL	

Treatment protocol:

1. Remove make-up using **Silky Lip & Eye Remover** (if needed).
2. Clean the skin using **Silky Concentrated Cleansing Foam**. Mix a small amount of **Silky Concentrated Cleansing Foam** with water and make a light foam. Massage the skin and remove with lukewarm water and dry.
1. Remove grease and oils with **CHEMISEPT G**.
2. Mix **GLOW PEEL** with **PEEL BLENDER (see chemical peelings mixtures 03-2016)** Apply up to 4 layers of mixed **PURE PEEL**, on the face using cotton buds.
3. The peeling should be actively neutralized after 3 to 7 minutes (or when the patient reaches a pain level of 4 or 5 on a 10-point scale)*, by cleansing the skin with **CLINICARE Skin Toner**.
4. Boost treatment results (**optional**): Apply 1-2 layers of **CLINICARE AHA+EGF Skin Booster** and wait for about 2-3 minutes.
5. Apply **CLINICARE EGF GLOW mask (Alt. Silky 2in1 Gel "Vitamin-C")** on treatment area. Leave the mask on the face about 20-35 (**10-15**) minutes until it begins to dry. Remove the mask, wipe off mask residues.
6. Apply **Silky Eye Renewal Cream** on eye and lip area.
7. Apply **Silky Retinol Day Cream (Alt. 2 in 1 Gel "Vitamin-C")** (depending on skin type)
8. Apply **Sun Shield Silky Cream SPF 30** on top of that (daytime).

For enhancement of treatment results:

- **IPL** treatments against pigmentation.
- **microneedling** treatments against pigmentation
